**29.08.2022**

**Sub: Selection of LEPC Contractor for setting up 1 millionTon Per Annum Green Ammonia Plant at Dahej through Green Hydrogen route.**

Avaada Group is India's leading integrated energy group with business interests in Renewable Power Generation, Solar Module Manufacturing, Electrolyser manufacturing and Green Ammonia production. Committed to sustainable development, the group has been executing cutting-edge solutions to reduce GHG emissions and advance the global clean energy transition since its inception in 2009.

Avaada is executing state of the art 1 Million Tonne Per Annum Green Ammonia Plant on an LEPC basis. The Green Ammonia Plant shall be located at Dahej, in the State of Gujarat (India) and will consist of Green Hydrogen Plant, Air separation Unit, Offsite and Utility Plants, Storage at Site, Ammonia Transportation to Port and Storage at Port.

**Projects & Development India Ltd. (PDIL)** has been retained by AVAADA Clean Project Pvt. Ltd. as a Technical Consultant for the selection of a suitable LEPC (License + Engineering + Procurement + Construction) Contractor for setting up of 1 Million Tonne Per Annum Green Ammonia Plant at Dahej through Green Hydrogen route.

**In view of the above, a Pre –Tender meeting through Video Conference (VC) shall be organized on 05.09.2022. It will start at 11:30 AM (IST) with all the prospective bidders whose presence/participation in the VC is solicited. The Link for the VC is as given below:**
