TECHNICAL QUERIES						
1	Part-I Attachment – I PRE-QUALIFICATION CRITERIA (PQC) Experience Criteria (Technical)	Page 4 of 25	8.1.1	The applicable standard for experience is EN13000. Also in technical specification, Annexure -I Data sheet, Point 27 Applicable Standard mentioned is EN13000.	We would like to inform you that Tadano manufactures cranes with both standards ISO and EN13000. As per your request the applicable standard mentioned is EN13000. We are manufacturing the GR-800EX Model (80 MT Crane) with ISO standard, and the delivery of this model is within 6 months, which we can meet as per tender requirement. But the GR-1000EX model (100MT Crane) with EN13000 standard, the delivery of this crane is within 12 months. We would like to inform you that both the models are qualifying technical specifications but there is only a difference of standard. Also, we would like to inform you that there is a price difference of 15-20% between the above two models. As both models are qualifying technical specifications, we request you to accept	As per NIT, applicable standard mentioned is EN13000. At this stage PQC cannot be change for any specific requirement of bidder.

					both EN13000 and ISO standard (Global standard) for Experience Criteria(Technical) and for technical specification- Annexure -I Data sheet, Point 27 - Applicable Standard.	
2	Part-II Technical ANNEXURE – I (Data Sheet) Delivery Period	Page 4 of 10	6.0	06 Months from date of LOI. Part shipment and transportation shall not be allowed. Cranes shall be delivered at HURL plants located Gorakhpur, Sindri & Barauni sites.	As informed above we can meet the delivery condition with GR-800EX crane (ISO Standard) but in case of GR-1000EX (EN13000) we would like to request for delivery period extension up to 12 months.	Delivery Period shall be as per NIT
3	Part-II Technical ANNEXURE – I (Data Sheet)	Page 03 of 10	3.0	If the bidder has more than one model with respect to required capacity range, bidder should quote separately for each model.	Please clarify one this point, whether there is provision in the Price Bid (BOQ) to quote for two models. As informed above Tadano is having two models which qualify technically for this requirement.	Bidder can quote for single model only. Note-Clause given in technical part of NIT for more than one model shall be treated as deleted.
